

## Water Weight Load Test Bags

### Self Use & Turnkey Solutions

Our world renowned JWA Water Weight Load Test Bags lead the load test industry in design, safety and efficiency.

Available off the shelf for turnkey projects or self use, serviced and maintained by a team of JWA manufacturer trained technicians, each of our load test bags is supplied tested, certified, and fully compliant to all relevant regulations.

From our supply and service hubs in the USA, Europe and South Africa, our dedicated teams can arrange and manage your projects and solutions globally.

Water Weight Load Test Bags		Load Capacity	Filled Height	Filled Diameter	Net Weight	Approx. Folded Size L - W - H	Shackle Pick Up Points	Load Point Shackle SWL
<b>Water Weight Load Test Bags</b>								
1C	WATER LOAD TEST BAG 1T	1000KG	2.30	1.20	22	0.9 x 0.6 x 0.6	1	4.1T
2C	WATER LOAD TEST BAG 2T	2000KG	3.50	1.60	33	1.0 x 0.6 x 0.6	1	4.1T
5C	WATER LOAD TEST BAG 5T	5000KG	4.60	2.00	100	1.0 x 0.7 x 0.7	1	6.5T
10C	WATER LOAD TEST BAG 10T	10000KG	5.80	2.50	135	1.1 x 0.8 x 0.8	1	17.1T
25C	WATER LOAD TEST BAG 25T	25000KG	6.10	3.80	230	1.2 x 1.2 x 0.8	1	28.1T
35C	WATER LOAD TEST BAG 35T	35000KG	7.00	4.20	340	1.7 x 1.2 x 1.2	1	38.3T
55C	WATER LOAD TEST BAG 55T	55000KG	9.40	4.40	464	1.7 x 1.5 x 1.1	1	65.3T
LH12500C	LOW HEADROOM TEST BAG 12.5T	12500KG	4.30	3.20	142	1.2 x 0.8 x 0.8	1	12.9T

For the safe and efficient water weight load testing of Cranes, Beams, Davits & Hoists.

With a proven 6:1 safety factor (where required, up to 35t), verified by NEL Type Testing.

Supplied with all shackles and links, a 2.5" filling hose with Camlok valve and a 4" emptying trunk.

Wireless, hand held load measurement equipment also available.
